

Coronavirus (Covid-19) Assessment – HAWKEYE FALCONRY UK

Assessed: July 2020	Reviewed By: Alistair Leese – Hawkeye Falconry UK	Review Due: July 2020
------------------------	---	---------------------------------

Overview

This is an activity led by Hawkeye Falconry UK to introduce people to the world of birds of prey and wildlife conservation in a lively and active way.

STEP ONE	STEP TWO	STEP THREE		STEP FOUR	
Significant hazards	Groups of people who are at risk from hazards identified:	Probability	Severity	Category	Controls
Catching/ Spreading Covid-19	Staff/Volunteers/ Guests/ Instructor/Client/ Participants/Public	Unlikely	High	Moderate	<p>Antibacterial gel available at all times</p> <p>Falconry gloves will be thoroughly disinfected, after each event.</p> <p>Instructor/Staff/Volunteers will use their own gloves only.</p> <p>If the participants present at event are in a social bubble, then that group will keep hold of glove/s to use within their bubble – they will not be used by another other person, outside their bubble.</p> <p>Otherwise participants, public involved, staff, volunteers will be asked to wash their hands, use antibacterial gel and wear a disposable glove, prior to putting on a falconry glove.</p> <p>Gloves and facemasks will be provided. People will have the option of wearing a facemask if they wish. A facemask must be worn by the instructor and participant if closer assistance is needed (less the 2 metres).</p> <p>Contact with personnel suspected of having caught Covid-</p>

					<p>19 will be avoided.</p> <p>Social distancing measures to always be observed.</p>
